Council tax to rise as district accepts 'unfair' funding deal from government

SOUTH Somerset residents will see a rise in their council tax after the district council "reluctantly" accepted a four-year settlement of central government grants.

Discussions with the Department for Communities and Local Government over funding made clear that

all four years of the settlement had to be accepted and that under no circumstances would any authority be better off by rejecting the offer.

The Minister for Local Government, Marcus Jones, has indicated that he hopes to add more to the offer for those authorities that accept.

Councillor Ric Pallister, South Somerset District Council (SSDC) leader, slammed the choice given to the district to choose one of "two wrong answers".

would not be allowed to be financially better off if we refused.

"An all-party group met with Marcus Jones, the Minister for Local Government, who was sympathetic to our arguments and our situation but reiterated that the four-year offer would not be amended."

Agreement to the settlement will leave the council with a negative Revenue Support Grant (RSG) in the fourth year 2019/20 when £330,000 from local taxation will be returned to the government for redistribution to other authorities.

Donna Parham, SSDC's assistant director for finance and corporate services, acknowledged in her report to the council that the negative RSG in the fourth year will affect local council tax payers unfairly, but recommended acceptance of the terms on the grounds that this would at least give certainty to financial planning.

She said that unexpected reductions usually meant the use of balances and reserves to avoid making snap decisions on cuts to budgets.

South Somerset's Efficiency Plan outlines efficiency measures and savings to be made by the council over the four-year period through staff reductions, income generation, strategic alliance with neighbouring Sedgemoor District Council, and management of procurement, assets and resources.

Councillor Pallister finished: "At the council meeting, no-one accepted the principle of the double taxation that will be caused by raising council tax in order to pay the government and we will continue the fight for a fairer settlement for our residents."

Councillor Pallister said: "The council was given two choices by the government and neither was right or fair to the council tax payers of South Somerset."

"In deciding whether or not to take the four-year offer, members were faced with two wrong answers and it was with enormous reluctance that we voted for financial certainty."

"Members of all parties were united in their condemnation of the impossible position the government had placed us in but, finally, the vote showed a solid, but very reluctant, majority to take the offer."

"This was on the basis that the government had made it clear that we

SPORT angling

ELEVEN Ilminster AA members fished round two of the V.E.S. Precision league on a very low and clear River Isle on Sunday.

Despite the temperature dropping over the last few days, the leading weights were still good but the majority of anglers struggled for bites.

Baz Morgan, fishing the pole and caster, had a lovely day in peg 120 at Isle Brewers, catching dace, chublets and roach for 16lb 3oz and a comfortable win.

Rob Cox was second with three big chub weighing 9lb 4oz from peg 108 on the pole and caster, with all his fish coming in the last hour.

TOP STORIES FROM ACROSS EAST DEVON AND SOUTH SOMERSET

EAST DEVON MP's rallying call

MP NEIL Parish has slammed the NEW Devon Clinical Commissioning Group as more local hospitals are set to lose their beds.

Speaking at a Westminster Hall debate concerning healthcare provision in Devon, Mr Parish gave an impassioned defence of keeping inpatient beds open in Devon.

Inpatient beds in Devon are currently undergoing a consultation period, as healthcare chiefs aim to slash the region's healthcare spending.

It is predicted that by 2020 NEW Devon CCG could have a deficit of more than £400million and the 'Success Regime', has been set-up to claw some of the money back.

Neil Parish gave a rallying call to fellow MPs at the meeting, including East Devon MP Sir Hugo Swire who had secured the debate.

Mr Parish said: "I really feel that all our MPs across the whole of Devon need to unite, because over the last two years the number of beds in our community hospitals has been halved."

AXMINSTER Raymond's Hill residents against chicken farm plans

A GROUP of residents in Raymond's Hill have banded together to fight a planning application for an industrial sized chicken farm - which would block views of Golden Cap.

Earlier this year, an application for a large free range poultry unit on the same site was withdrawn following overwhelming public objection. In both cases the applicant has included a 'temporary' dwelling adjacent to the industrial units.

The site, south east of Red Lane, is proposed to have access by articulated lorries from the A35, a well-known accident hotspot.

The planning application reference number is 16/2197/FUL and can be found on the district council's website in the planning section.

From the editor's chair MPs fighting for Devon beds

WHEN moves to shut down the beds at Axminster Hospital were first suggested and the public consultation started there was a feeling in the town that it was a foregone conclusion and the NEW Devon CCG were just going through the motions. They have, and will, deny this strongly.

There was a certain inevitability about the whole process and the people of Axminster felt they had been treated poorly throughout the process.

It would seem that local MP Neil Parish had a similar opinion and in the Palace of Westminster last week he pointed the finger at an NHS official, quoting her as saying: "We have made the decision, we know best and we will overrule anybody who says any different."

Unfortunately, Mr Parish attributed that arrogant quotation to the present Lead Chief Executive of the CCG's Success Regime, Angela Pedder, who at the time was Chief Executive of the Royal Devon and Exeter Hospital and had nothing to do with the decision at all.

The NEW Devon CCG have issued a statement this week saying Mr Parish's information was incorrect. No doubt he will withdraw it.

It matters little, however. The anger over the closure of community beds across East Devon remains extremely strong and Mr Parish's Westminster colleague, Sir Hugo Swire, is equally

unhappy with how the whole question has been addressed.

Speaking in a debate on healthcare provision in Devon, Sir Hugo warned Health Minister Philip Dunne that Devon MPs were a "quiet bunch" (since when?) but they would fight "tenaciously" to protect the livelihoods of their constituents. We would expect no less of them.

Sir Hugo made a great play, quite rightly, in highlighting the many millions of pounds that had been raised locally across East Devon to make their hospitals more comfortable and better equipped.

This was a theme I wrote about in this column when Axminster was fighting to retain its beds, asking what would happen to the many items of equipment that had been acquired through voluntary effort.

Would they end up in the RD&E, or would the money be returned to the communities (fat chance of that happening)?

No one underestimates the challenges faced by NHS officials in these difficult times, but arrogant comments highlighted by Mr Parish, no matter who said them, only goes to reinforce the view of many that there was never any chance of saving the beds, so why spend so much time, effort and cost on pretending otherwise?

OTTERY St MARY Planning inspector says 'yes' to quarry

ISSUES surrounding the proposed Straitgate Quarry in Ottery St Mary continue to rumble on after a planning inspector endorsed the site as part of the Devon Minerals Plan.

Despite concerns raised from residents, Devon Highways and the Environment Agency, the planning inspector's report stated that a 100-acre sand and gravel quarry at Straitgate Farm should be given the go ahead as a preferred area for quarrying to take place in the county.

In the report on the examination into the Devon Minerals Plan, the inspector wrote: "Devon Minerals Plan satisfies the requirement of Section 20(5) of the 2004 act and meets the criteria for soundness in the National Planning Policy Framework."

The Straitgate Action Group's said: With hundreds of consultation responses comprehensively ignored over the last four years, Aggregate Industries and the other mineral companies may as well have written the plan themselves."

SEATON Jurassic centre second in UK poll

SEATON Jurassic has scooped the runner-up spot in the category of 'Best UK Day-out for Families' at the annual Family Traveller Awards.

Owned by East Devon District Council and operated by the Devon Wildlife Trust, Seaton Jurassic has welcomed an estimated 35,000 visitors through its doors in its first six months since it was opened by HRH the Princess Royal.

The Family Traveller Awards are an annual set of awards presented within 25 different categories ranging from 'Best Family Theme Park' to 'Best Family Festival' and everything in between.

Despite this being Seaton Jurassic's first year of operation, it beat of hundreds of competitors to be named second only to the Royal Zoological Society's Whipsnade Zoo in the coveted 'Best UK Day-out for Families' award.

Cllr Paul Diviani, Leader of East Devon District Council, said: "This award comes just a few months since Seaton Jurassic has opened and it's testament to the great team we have working there that families are coming back to visit again and again. Long may it continue."

COLYTON Grammar students in National Citizenship programme

DURING the summer holiday, Millie Drew and Hannah Barton, both Year 12 students at Colyton Grammar School, spent three weeks taking part in the National Citizenship Service (NCS) programme.

Millie and Hannah recently attended a graduation ceremony, receiving a certificate signed by the Prime Minister and entry to the NCS graduate programme.

SIDMOUTH Environment Agency chief in Sidmouth

THE Chief Executive of the Environment Agency, Sir James Bevan, visited East Devon recently, after local MP Sir Hugo Swire invited him to the constituency.

The MP took Sir James around East Devon to see some of the ongoing projects which the Environment Agency have been actively involved in.

Sir Hugo said: "The Environment Agency are heavily involved with some very important projects in my constituency, which is why I wanted to invite Sir James down. Sir James met some of the key local people working on the Sidmouth Beach Management Plan, the redevelopment of Exmouth Seafront and the proposed relocation of Tipton St John Primary School, which is regularly beset by flooding."

Union calls for redundancies decision at GKN to be reversed

THE country's largest union has said that the government's new industrial strategy needs to kick in immediately, as 221 employees at the Yeovil GKN plant are set to be made redundant.

Unite said last week that Prime Minister Theresa May's industrial strategy needed "flesh put on the bones double quick" or thousands of skilled manufacturing jobs across the UK, similar to those at Yeovil, could be at risk.

A total of 221 redundancy notices were issued at the Somerset plant, which manufactures airframes for helicopters, on October 17th and the first job losses could start as early as December 1st.

Unite said the redundancies would effectively result in the closure of the site.

The GKN workers make airframes for Italian-owned Leonardo Helicopters, formerly AgustaWestland which is on the same site, and speculation continues that Leonardo wants to take the work back "in house".

Unite regional officer Heathcliffe Pettifer said: "This is terrible and heart-breaking news for the workers and their families, and the ripple effects for the wider West Country economy will be painful in the extreme.

"Unite will strongly defend our members' jobs, and has immediately started a campaign to lobby GKN and Leonardo Helicopters, whose apparent decision to bring airframe work back 'in house', has led to the real possibility of the site's closure.

"We want this decision reversed - there has not been an adequate rationale from senior GKN management for the redundancies.

"The threat to these 221 highly skilled jobs makes the need for a robust, coherent and sustainable long-term industrial strategy to protect the UK's manufacturing base an urgent priority for the government.

"Greg Clark, Secretary of State for Business, Energy and Industrial Strategy, needs flesh put on the bones of such a strategy double quick, otherwise many thousands of other skilled jobs could be at risk. "The time for rhetoric is over - now is the time for positive action."

The union has already written to GKN Aerostruc-

tures (Europe and Asia) CEO John Pritchard, asking him to explain the reasoning for the redundancies.

Meanwhile, the Secretary of State for Defence, Michael Fallon, has again been asked to ensure the future of aerospace industry in Yeovil and surrounding area.

Lord Ashdown, better known as former Yeovil MP Paddy Ashdown, has written to Mr Fallon raising his continued concern over the future of aerospace manufacturing in the town, following an earlier meeting with Harriett Baldwin, Under Secretary of State for Defence Procurement.

"I do want to express my concerns, substantially reinforced after my conversation with Harriett Baldwin," said Lord Ashdown.

"I need to repeat my warning that, absent a clear and imminent statement from the governmentsaying that it sees the maintenance of a full domestic capacity to design and build helicopters in the UK - in effect in Yeovil since this the UK's only integrated base capable of doing this - then the consequence of the Apache decision, followed by the repatriation of GKN work to Italy, will be that Yeovil's standalone capacity to design and manufacture helicopters will risk being eroded.

"The damage capable of being done as a knock on consequence of the Apache and Leonardo decisions could be very grave. But this is easily prevented if the government now will, as a matter of urgency, make a clear public statement along the lines I have suggested above."

Lord Ashdown said he had mentioned to Harriett Baldwin a comment on social media site Twitter from current Yeovil MP Marcus Fysh, claiming that she had promised him the government would be spending £3billion with Leonardo.

"She confirmed to me that that this, as I understand it, is not in fact a new commitment relating to the present situation, but rather an already existing indicative estimate of likely expenditure over the period of the next decade," said Lord Ashdown.

"I've asked the Secretary of State for Defence if he would be kind enough to confirm this."

New post office opens doors

■ CUTTING THE RIBBON: Sandi and Malcolm Brocklehurst (right) officially cut the ribbon, to re-open the Crewkerne Post Office alongside new postmaster Steve Smith (centre)

CREWKERNE is celebrating the re-opening of the post office at its new location in Daillyz Tech on Market Street.

Crewkerne Post Office has been closed since January 2016 due to the landlord requesting vacant possession of the former premises on East Street.

Sandi and Malcolm Brocklehurst, who ran Crewkerne Post Office for 20 years, cut the ribbon with new postmaster Steve Smith to mark the official opening of the relocated branch.

The post office will now be operating under new opening hours of Monday to Saturday 9am to 8pm and Sunday from 10am to 8pm.

A spokesperson for the Post Office said: "This is an extra 25 hours a week of post office service than previously offered including all day Sunday. The branch also closes significantly later than before, making it very convenient for customers to visit.

"Post Office services are provided from three modern counters - one full-screened, one open-plan and another open-plan counter integrated into the retail counter of the store."

Daillyz Tech is a family-run shop, specialising in

phones and computers, games equipment and repairs. A new retail range of cards and stationery is also proving popular.

A photo booth, the only one in Crewkerne, has also been added, while new lighting and flooring has also improved the shop.

New postmaster Steve Smith said: "We are delighted to have been able to re-open a post office in Crewkerne. There is the wow factor when people walk in with the improvements we have made. It is now lighter and more modern.

"The response from the community has been fantastic. We have had lots of people popping in to thank us for taking on the branch.

"People have been very patient as it took longer to open the branch than originally planned, but people have not complained - they are just grateful to have a nearby post office, rather than having to catch a bus, walk, use their mobility scooters or drive to alternative branches.

"Sandi and Malcolm Brocklehurst have been very supportive, which is why I really wanted them to perform the official opening."

CCG director retires after 40 years of service with NHS

LUCY Watson, Somerset Clinical Commissioning Group's (CCG) Director of Quality and Patient Safety, has retired from the NHS after 40 years of service.

At a retirement presentation held at the CCG's Yeovil headquarters, Somerset CCG's managing director, David Slack, thanked Mrs Watson for her dedication and years of service to both the Somerset Clinical Commissioning Group and the NHS.

Paying tribute to Mrs Watson, Mr Slack said: "Lucy has brought a huge amount of energy and commitment to the NHS and Somerset CCG."

"You have kept the issue of patient safety and the service quality uppermost in everyone's mind. You have engaged fully with local NHS Trusts and have made huge strides in the reporting of patient safety issues, so that lessons are learned and services improved."

"You have developed closer partnership working with Somerset County Council, particularly around improving children's services and championed an open culture where health professionals can share their views and be challenged in the interest of patient safety."

Thanking staff and colleagues, Lucy revealed she first worked in the NHS as a 16-year-old volunteer in the neurology department at St George's Hospital, in Tooting, London.

Lucy said she was proud to have worked in the NHS and, in particular, her time as a nurse caring for patients with cancer. As a teenager she had initially been uncertain regarding what career to follow, but she took her mother's advice

and trained as a nurse, "because it would give her a good lesson in life".

Lucy trained in Sheffield and qualified as a nurse in 1982 and as a health visitor in 1993.

She worked in a number of senior operational and health commissioning roles in the South West, including quality improvement, clinical governance, safeguarding and lead nurse roles for sexual health services, Sure Start and community health services.

In 2013 she became the Director of Quality and Safety with the new NHS Somerset Clinical Commissioning Group.

Ilton shooting trial underway

THE murder trial following a fatal shooting at Chubbards Cross Caravan Site in Ilton, near Ilminster, was due to start yesterday (Monday).

Brothers Charlie, William and John Broadway have all been charged with the murder of Wilfred Isaacs and the attempted murder of his son, Wilfred Isaacs Junior, following the incident in May.

Charlie and William have also been charged with possession of a firearm with intent to endanger life. All three have pled not guilty to the charges.

Appeal to re-build pavilion

FUNDRAISING to rebuild the Lawrence Kellett Pavilion at Dowlish Wake, near Ilminster, which was severely damaged by arsonists, has already got underway.

Villagers and members of the Playing Field Trust are determined to ensure that the pavilion will rise from the ashes with trust chairman Mike Lane saying they will be "moving forward with hope and opportunism" to make sure that the "wonderful community asset" is rebuilt.

"All the trustees will be working hard over the coming months with a positive attitude to ensure this happens," he said.

The fundraising started on Saturday, October 15th with a Beetle Drive, which was originally scheduled to take place at the pavilion.

Dowlish and Donyatt FC, who used the pavilion and playing field for home games in the Perry Street League, had to cancel their match on October 15th because of the fire. But they have stressed that "they will be back."

A Perry Street League spokesman said: "Our thoughts are with Dowlish and Donyatt FC following a fire which has destroyed their changing facilities along with all of their kit and equipment."

The footballers have said they will be happy to help with the rebuild and fundraising.

Mr Lane added: "Thank you everyone for all your messages of support. We will rebuild this wonderful facility and help the football club, croquet club and other users of the pavilion."

"We will keep everyone updated on fundraising and I'm so grateful to everyone who has given offers of practical help."

Fire raged through the pavilion on Thursday, October 13th and the police and fire service have said it was started deliberately. Anyone with information about the fire can contact police on 101 or Crimestoppers on 0800 555 111.

Anyone wanting to donate to the fundraising appeal can do so online at <http://bit.ly/2eZluOc>

■ **FUNDRAISERS:** Volunteers, sponsors and supporters gathered at Forde Abbey to hand over cheques to two charities

Forde Abbey fair raises £30,000

THIS year's charity fair, organised by the Roper and Kennard family at Forde Abbey, near Chard, raised £30,000 for two charities, the Royal Agricultural Benevolent Institute (RABI) and Riding for the Disabled Association (RDA).

The cheques were presented to both charities at a lunch held at Forde Abbey to thank the volunteer committee and the sponsors. Both charities thanked everyone who was involved in the annual event and those that attended the summer fair for their generous financial contributions.

RABI regional manager, Pam Wills, said: "The funds raised at the summer fair will allow RABI to continue to make a difference to the lives of farming families who are in financial need in the agricultural sector."

Charlotte Bradley, chairman of the Chard and District Riding for the Disabled Group, said: "We

will be distributing the funds received to RDA Groups in the area, including the Forde Abbey Carriage Driving Group, to enable them to continue to offer therapy, achievement and enjoyment to children and adults with disabilities."

Forde Abbey's Alice Kennard added: "We are thrilled to have raised such a significant amount of money for two fantastic charities. It is very much a family and team effort with valued support and help from our very loyal volunteers and our generous sponsors who all work together to make it a day to remember. Thank you to everyone who contributed to making it another successful day."

The date for next year's charity fair is Thursday, July 27th. Any business or individual who would like to get involved should contact Forde Abbey on 01460 220231 or email info@fordeabbey.co.uk

Pupils donate to food bank

■ **PUPILS** at Chard School held a harvest festival assembly, where children were invited to bring in food donations in recognition of the annual harvest. Food donations were placed at the front of the chapel at the beginning of the service and then the whole school sang and read poems with a harvest theme to a delighted audience of parents and family members. The food donations were later taken to and gratefully received at the Lord's Larder, at the Forefront Centre, which provides emergency food supplies to those in need.

Chard strong man visits school to inspire students

STUDENTS at Holyrood Academy were given a real treat as Britain's first disabled strong-man and Chard local Gary Clarke visited the school to inspire them.

Gary was born with cerebral palsy and was inspired to train with weights and take up power lifting after admiring people like British shot putter turned strong man Geoff Capes, and his all-time hero Magnus Ver Magnusson in the 1980s and 90s.

In a presentation to the Holyrood BTEC Level 3 Sport students, Gary explained how he had overcome barriers to participate in competitions and defied preconceptions to follow his dream. He also described his diet and the training regime he follows to maximise strength and power utilised in strong man competitions.

Students and staff were impressed at his determination, with deputy head Boy Cezary Piotrowski commenting: "Gary is a genuinely inspiring man and listening to him talk was seriously motivating."

Gary has travelled to Iceland six times to compete in international competitions and said: "My disability is just a state of mind. I want to encourage everyone to have dreams and actually make them happen."

Gary also gave a practical demonstration with Atlas Stones weighing up to 70kg.

Sports development officer at the school, Mr Evans, said: "Gary has impressed these students enormously. When some of them had a go at lifting the stones, it dawned on them how hard Gary has worked to achieve the recognition he has."

■ TRICKY: The mayoress negotiates a narrow pavement

Crewkerne supports World Sight Day

By Anders Larsson

anders@viewnews.co.uk

THE Mayor of Crewkerne, Councillor Robin Pailthorpe, and Mayoress Jo Lyons were delighted to help the town's Lions Club highlight World Sight Day.

World Sight Day (WSD) is an annual day of awareness held on the second Thursday of October to focus global attention on blindness and vision impairment.

The day is organised by The International Agency for the Prevention of Blindness (IAPB), established in 1975 as a co-ordinating umbrella organisation to lead international activities.

Crewkerne Lions Club fully backs the campaign and took an active part on October 13th.

The mayor and mayoress agreed to meet local Lions Club co-ordinator Jean Langmead at West One Surgery, where Councillor Pailthorpe donated a pair of used spectacles to the Lions Eye Health Programme for recycling. Collection boxes are available throughout town.

He said: "It is fabulous that people are collecting in this fashion and raising awareness."

The mayoress was then blindfolded and escorted by Mrs Langmead through the busy town centre to Budgens to give her an idea of the challenges facing blind or partially sighted people.

Whilst negotiating Falkland Square she said: "It is very disorientating. I'm very familiar with the town, but right now it doesn't feel like a town I know."

A team of Lions members also manned a display in the supermarket and shared information with customers to raise awareness.

Mrs Langmead commented: "Budgens and its staff have been so helpful."

The mayor was then blindfolded, to have his share of the experience, and escorted to a coffee shop.

■ DONATION: Mayor Robin Pailthorpe puts a pair of spectacles in the collection box, observed by practice manager Ben Osborne, Jean Langmead and Mayoress Jo Lyons. Below, the Lions Club gave out information at Budgens

Quiz night boosts Rotary's charity funds

■ **ROTARY SUPPORT:** Pictured from left, Jon Goodwin, Ron Spencer, Beth Jackson, Tim Udall and Caroline Dredge

THE Rotary Club of Crewkerne District held a charity quiz night and raised more than £200 to add to their total this year.

The Rotary Club has been raising funds this year for the town's Monday Memory Group, which is run at The Henhayes Community Centre.

The Henhayes Community Centre was also the venue for the quiz, as nine teams totaling 52 people took part in a varied quiz of 12 rounds, including many interesting categories. The evening was a great success raising £205 on the night, including the raffle.

Katie Hiscox from Lloyds Bank helped out on the evening and announced that the Lloyds Bank Foundation will be applying their Matched Giving Scheme to double the amount

to £410.

During the interval, past president Jon Goodwin presented a cheque for £3,000 representing the funds raised at events held during his year as president of the Rotary Club of Crewkerne District, which included a Bertie's Big Band night held at the Victoria Hall and a bingo night.

The amount raised also included £1,000 claimed through the Match Giving Scheme.

Ron Spencer and Tim Udall, trustees of the Henhayes Community Centre, along with Beth Jackson who assists with running the Monday Memory Group, received the cheque, along with Caroline Dredge, current president of the Rotary Club and quiz master for the night's event.

Hospital fundraiser recognised for long-service to League of Friends

A LONG-SERVICE award has been given to Veronica Chard who, over the years, has helped raise tens of thousands of pounds to fund improvements at Crewkerne Hospital.

She was presented with the award that recognises her 20 years' service with the League of Friends by chairman Ron Bond at their recent annual meeting (pictured).

Not long after joining the organisation in 1996, Veronica took over responsibility for fundraising. For many years she organised the annual fete and annual grand draw, as well as other activities such as running stalls at events organised by Crewkerne Town Council, and at summer fetes and Christmas.

She stepped down as the chairman of the fundraising committee three years ago, but still helps from time to time and continues as a member of the committee of the League of Friends.

Mr Bond said: "She has given incredible service over 20 years. When she was in charge of fundraising she worked tirelessly and often without assistance."

"I want to thank her on behalf of the League of Friends, the hospital and the town."

Veronica, who is a member of the League of Friends committee, said how much she has enjoyed her involvement with the League of Friends

and being able to help the hospital.

Officers re-elected at the annual meeting were: chairman - Ron Bond; vice-chairman - Stephen Crane; treasurer - Tony Foot; and secretary - Teresa Bond.

Village hall marks 30th anniversary

BROADWAY Village Hall recently celebrated its 30th birthday with a special party.

The hall was officially opened in 1986 by the former Lord Lieutenant of Somerset, Colonel Walter Luttrell. The opening in the 1980s was as a result of 10 years of hard work by a fundraising committee involving the entire village and the surrounding area. Therefore, the anniversary event was actually celebrating 40 years of work surrounding the building.

Around 65 people attended the event, and everyone there was a past or present representative from groups that had used the hall and anyone who had served on the various committees across the years.

The chairman of the village hall committee, Paul Trueman, welcomed everyone by thanking them all for coming and for providing scrap books, newspaper cuttings and photographs of the hall, be-

fore proposing a toast to the facility.

Secretary Nick Urch then gave a brief summary of some of the fundraising events and the names of the original committee members gleaned from the first committee meeting minutes still available.

The job of tracking all the relevant people who had sat on the committees took organisers around three months and they were helped by the parish news and various local residents.

One former committee member now lived in New Zealand, while another was living in the US. Neither were able to make the event but both sent their best wishes to organisers.

Also mentioned was the enormous work John Baker did for the hall, from selling kindling wood to raise money to making the stage steps.

Mr Trueman said: "John was chairman

of the fundraising committee for 10 years and then chairman of the hall during the build and then afterwards for a period retiring to do the hall bookings for a few years.

"He steered the committee through an extremely difficult period trying to find a site for the hall in the village, which took about eight years, and then dealing with the logistics of the build, which involved a lot of help from villagers.

"He looked at many halls in the area and insisted on a large kitchen. Mike Glass took on the task of the project management of the build and subsequently the chairmanship – when he left the committee he had been on the hall committee for 35 years."

Everyone who attended thoroughly enjoyed their evening, meeting some people they had not seen for many years.

FOURTEEN teams took part in the annual Iminster Carnival Quiz organised by the local Rotary Club.

It was a team called The Uncivil Servants – comprising of Mark Adnitt, Jane Dewick, Paul Everett and Ian MacKillop – who emerged victorious at the end of the brain-testing quiz.

The annual event raised about £200 for carnival funds.

Iminster Carnival Committee would like to thank all those who took part and for Iminster Rotary Club for organising the event once again.

Pictured left, the winning team with Iminster Rotary Club members Stuart Shepherd (left) and Harley Pope (right).

ILMINSTER Rotarians showed their community spirit by putting on a harvest festival meal for members of the Memory Café.

The Rotarians have been supporting the café over the last year by assisting with games, reading and other activities.

The café was set up to provide a drop-in style meeting place for people living with dementia and their carers, and is run by Rebecca Beggs and a willing band of helpers.

The group meets in the Minster Rooms, opposite St Mary's Church on alternate Wednesdays, between 10am and 12noon.

■ **KEEPING FIT:** The adult outdoor gym in Ashill was officially opened last week by county councillor Linda Piggott-Vijeh (third from left) much to the delight of residents

Outdoor gym a hit with Ashill residents

THE new outdoor gym in Ashill was officially opened last week, and proved to be a big hit with local residents.

At an opening ceremony at Ashill Recreation Ground, where county councillor Linda Piggott-Vijeh opened the gym, local residents jumped straight on the new equipment.

The idea for the installation of the gym equipment was the inspiration of local resident Brenda Pyle who, along with professional advice from fellow resident, Jane Knowles of the Somerset Activity and Sports Partnership, carried out much of the behind-the-scenes work to raise the £10,333 required to purchase the equipment.

Linda, who tried out all of the equipment herself, said: "I was delighted to have had the opportunity to use some of

my county councillor Health and Wellbeing money to support this excellent project; something that I think every small community should aim for.

"Many local people know the importance of keeping fit to ensure that they lead healthy lives. Whilst joining a gym may be an option for some, it can be costly and access is not always easy.

"This equipment, which is simple to use without supervision, has been welcomed enthusiastically by everyone in the community. I have even heard of people coming over from Ilminster to use it.

"I am thrilled to hear that Jane has offered to start up group sessions to get everyone moving and I cannot wait to join in."

Cast members urgently needed for local panto

THE Ilminster Entertainment Society is urgently appealing for more adult actors to join its annual fun-filled pantomime.

The society is busy preparing for its December pantomime of "Snow White" and, although the cast list of principal characters is virtually complete, there is a real need to find extra members of chorus.

Five more adults need to be recruited to the cast to play incidental characters and to form the chorus in some of the musical numbers.

Society member Dave Goodall said: "Due to the way this pantomime has been written, it cannot be performed unless this additional

cast is found and we will therefore have to cancel the show."

Rehearsals are Mondays and Wednesdays and the performances will be held from December 8th to 10th and December 15th to 17th at 7.30pm at the Warehouse Theatre in Brewery Lane, Ilminster, with two additional matinees on December 10th and 17th.

If you or anyone you know might be interested in taking part in this fun show, contact Dave Goodall as soon as possible by emailing dave@downside.uk.com, as a decision on whether to go ahead with the show needs to be made before the end of the month.

Crews tackle industrial fire

FIREFIGHTERS had to be decontaminated after dealing with a fire at Daido Industrial Bearings in Ilminster.

The alarm was raised at just before 1.45pm on Tuesday, October 18th to reports of a fire within an extractor unit at the factory in Winterhay Lane.

One fire engine from Ilminster and two from Chard were called out and crews got to work to deal

with the situation.

"A thermal imaging camera was used to check for hotspots and a gas monitor to check safety levels within the premises," said a spokesman for the Devon and Somerset Fire and Rescue Service.

"The environmental protection unit from Taunton was sent to assist with the precautionary decontamination of six firefighters."

Plenty of laughs at 'Vicar of Dibley' production

■ THE Reverend Geraldine Grainger (Caroline Markham) with Alice Tinker (Judith Izzard)

■ MRS Cropley (Amy Stoodley) with Frank Pickle (left, Dick Arnold) and Jim Trott (David Penticost)

THEATRE REVIEW

MEMBERS of the Chard Entertainment Society can take a very big bow following their hilarious production of 'The Vicar of Dibley'.

The show – performed earlier this month at the Guildhall in Chard – was based on sketches from the much-loved TV sitcom starring Dawn French as the larger-than-life female vicar, the Reverend Geraldine Grainger.

Audiences were given some proper laugh-out-loud moments of pure comedy, and the best compliment that could be paid to the cast was that, at times, it felt as if the actual stars of the TV show were on stage.

The relationships were effervescent, including that of the Rev Grainger, played by Caroline Markham, and the hapless Alice Tinker (Judith Izzard), while Adam Chudley looked as if he was born to play bowel-problem-ridden Owen Newitt, played so memorably in the TV show by Roger Lloyd-Pack.

The parish council scenes were so well portrayed and the audience could feel the pain, suffering and frustration of chairman David Horton (Leigh Conley) as he struggled to put up with the likes of Mrs Cropley (Amy Stoodley), Frank Pickle (Dick Arnold) and "no-no-no-no-yes" Jim Trott (David Penticost), and his nice-but-dim Hugo (Andy Treble).

Proceeds from the show will be donated to Comic Relief, while money raised on refreshments and raffle will be given to Chard Carnival Committee.

Students trek across West Dorset in

WITH route cards prepared, maps ready and rucksacks packed, students from both Wadham School in Crewkerne and Holyrood Academy in Chard headed off on expeditions around West Dorset last week for their Duke of Edinburgh Award.

The Duke of Edinburgh Awards qualifying expedition for Wadham pupils followed a previous practice expedition in Wareham Forest back in June.

Groups were dropped at Maiden Castle, Abbotsbury and Hardy's Monument. Tasks for the expedition groups varied from a "Survey of styles and fences in West Dorset" to "A video blog of the emotional ups and downs on a two-day expedition".

A spokesperson for Wadham said: "Walking conditions were nearly ideal; not too hot and just a little rain. Staff monitored progress, meeting the groups at busy road crossings and other way points."

The external assessor, Steve Marsh, from Frome College, met up with most groups during the walk on the Saturday to check the '20 Conditions' - the expedition criteria laid down by the D of E - were being met.

The spokesperson added: "The groups camped at Sea Barn Farm near the Dorset coast. Tents pitched and stoves burning, a variety of pasta dishes were prepared for hungry participants. As the sun went down the temperature dropped but not without sight of a spectacular sunset."

"The students awoke on Sunday to a beautiful sunny, wind free morning.

Groups made an early start and made their way to the final arrival points at Maiden Castle and Abbotsbury, undertaking activities on route."

All groups managed to complete the necessary five hours walking and one hour activity on both days and successfully reached their destination points.

The spokesperson finished: "This is the first time the school has taken 40 or so students on a qualifying expedition and are delighted to report that all participants have passed this element of the award. The next stage for the Wadham students is to give a group presentation of the tasks they undertook to school staff."

Mixed weather didn't hamper Holyrood's 47 enthusiastic trekkers on as they embarked on their final expedition as part of their Duke of Edinburgh award.

Leaving Thorncombe bright and early, all students braved the lashing rain to arrive at Monkton Wyld Campsite near Lyme Regis where they pitched their tents for the night. Warm sunshine greeted them the following morning for their return journey to Hawkchurch.

Mr Paul Reid, head of the Bronze DofE Programme at Holyrood, said: "All their practise paid off to result in a pass for all students. Everyone worked incredibly hard this weekend and I was absolutely delighted at their achievement. They now have the three other elements of the award to complete - skill, volunteering and fitness."

Lindy Parry Podiatrist / Chiropodist

I HOLD my private chiropody clinic at Townsend House Surgery in Seaton.

I offer a range of treatments from a simple nail cut to nail surgery, and each treatment plan is priced accordingly.

The nail cutting only service is a shorter appointment and is ideal for those that don't have any other foot care needs. Others like to alternate nail cuts with chiropody treatments as it best suits their requirements. I always aim to work with the patient to find the best treatment plan to suit each individual. Patients feet are then monitored during treatment so that changes can be made should the need arise.

Diabetic patients who attend for chiropody will also have a diabetic foot assessment carried out during their first treatment, and will then be monitored and re-assessed as necessary.

My chiropody clinics are available to anybody seeking help with their feet and Townsend House and I look forward to welcoming you.

IN THE BLOOD - IRON DEFICIENCY

by Lisa Salmon, Press Association

WHILE constant, crippling tiredness can sometimes be a sign of illness, in women, it could mean something far simpler - iron deficiency.

It's estimated around one in 10 UK women suffer from iron deficiency, yet many have no idea, even though their iron levels might be so low that their body's producing less red blood cells, meaning they have full-blown iron-deficiency anaemia.

This can have a significant impact, as iron plays an essential role in the production of red blood cells, which are responsible for carrying oxygen around the body, keeping our various tissues and organs in working order.

So if someone has iron-deficiency anaemia, less red blood cells than normal are made, so less oxygen circulates in the bloodstream - hence the fatigue.

BATTLING ON

But while the symptoms - including tiredness, shortness of breath, palpitations and a rapid heart rate, headaches, paleness, hair loss and brittle nails - can have a significant affect, they're often ignored, or dismissed as an inevitable side-effect to our hectic, modern lifestyles.

Iron deficiency expert Professor Toby Richards, a consultant surgeon based at University College Hospitals London, points out that a survey of 9,000 women revealed the average female has symptoms of iron deficiency three to five years before seeing a doctor.

"When women seek help, it's often because they're so exhausted they can't get out of bed," says Richards. "They complain about poor hair quality and brittle nails - you need good iron levels to regenerate hair, so women might comb their hair after a shower and notice hair loss."

"It can be incredibly distressing, but the vast majority have no idea it's iron deficiency. It's so common and right in front of us that we ignore it."

WHY WOMEN?

Richards says he tested 257 women doing a half-marathon, and found 17% had iron deficiency - yet nearly all of them were unaware of it.

A major cause is heavy periods or pregnancy (the body needs extra iron for the baby), while one in every 100-200 men has iron deficiency - normally because they have bleeding in the stomach from an ulcer, or an illness like coeliac disease, which makes nutrients, including iron, harder to absorb. Iron deficiency because of a lack of iron in the diet is rare in men.

A woman's body, meanwhile, contains 4-5 litres of blood, and while on average, 30-50ml is lost during menstruation, the one in four who suffer from heavy periods can lose 80ml - the equivalent of a litre a year.

"That's quite a lot of blood - the same amount you'd lose during major surgery," notes Richards.

CREEPING UP

Heavy periods mean a woman can lose between 200-500mg of iron a year, but the body only absorbs 5-10mg a day through the diet.

"The balance is quite finely tuned," explains Richards, "so if you're not eating properly or you have heavy menstrual bleeding, then slowly and insidiously, iron deficiency creeps up on you."

"Heavy menstrual loss means you're losing a lot of iron, and the ability to absorb iron doesn't

necessarily catch up," he adds. "So you could be just deficient by a small amount, say 5% a year, and then suddenly - bang - you run out of iron stores and you become anaemic. At that point, you're 1,000mg of iron or more behind."

FOOD STORES

The body contains stores of around 3,000mg of iron, with 5-10mg a day absorbed predominantly through dietary intake of iron-rich foods, such as red meat and fortified cereals.

There are two types of iron in food: haem (found in red meat, chicken and fish and easily absorbed) and non-haem (found in plant foods, such as leafy green vegetables, cereals, beans and lentils and dairy products, and less easily absorbed). Eating vitamin C at the same time as foods containing non-haem iron can aid absorption, although much greater quantities of non-haem iron foods need to be consumed to absorb the equivalent amounts found in haem-iron foods.

It's also important not to drink tea or coffee with meals, as they prevent absorption of iron from the gut.

"There's no substitute for a good quality, healthy balanced diet that's rich in red meat," says Richards. "Modifying the diet will sort out two-thirds of people with iron deficiency."

EXTRA HELP

In some cases, however, dietary sources alone might not be enough.

This particularly applies for certain causes of anaemia, such as vitamin B12 deficiency (including the autoimmune condition pernicious anaemia) or sickle cell disease. However, iron deficiency is by far the most common cause of anaemia, and if left untreated, as well as having to endure the symptoms, it can make people more susceptible to illness and infection, as a lack of iron affects the immune system.

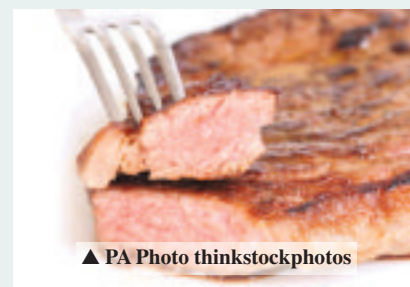

Fortunately, treatment's usually fairly simple - with the use of supplements, alongside dietary modifications.

While taking iron supplements can start to improve the number of red cells (haemoglobin) within weeks, making people feel better, Richards says it can take three to six months to restore iron levels to normal.

Another option is iron infusion; Richards runs the private Iron Clinic in London, where such infusions cost £650 for a half-hour treatment which completely replenishes the body's iron stocks.

"Most people have heard of iron deficiency and anaemia. It's so common, and people become accustomed to it," he says.

"There's a huge need to raise awareness of the symptoms - I think a lot of people are really suffering with it."

Val Davis Traditional Acupuncture

Acupuncture can improve and maintain health and energy and enhance a sense of well-being

ACCORDING to traditional Chinese philosophy, our health is dependent on the body's motivating energy (qi) moving in a smooth and balanced way through a series of channels beneath the skin.

Acupuncture can affect the quality of qi, your body's vital energy, by the insertion of very fine needles into specific points along these channels. This stimulates the body's healing response and restores natural balance. Treatment is aimed at the root cause of your condition as well as your main symptoms. This approach helps with resolving your problem and enhancing your feeling of well-being. You may notice other niggling problems resolve as your main health complaint improves.

The type of conditions that I mostly see in my clinics include the following: arthritis, back pain and sciatica, poor circulation, low energy levels, hormonal/menopausal symptoms, pregnancy management, fertility problems, weight management, and addictions such as smoking.

However, you don't have to be ill in the conventional sense to benefit from acupuncture, sometimes people come to see me because they are feeling low, unwell in themselves, or maybe not sleeping as well as they would like to.

Professional Acupuncturists spend at least 3 years training at degree level to become an Acupuncturist. We are then entitled to join the British Acupuncture Council and to use the letters Lic.Ac., B.Ac.C after our names. We also have public liability and professional indemnity insurance. Many of us have also studied at post-graduate level and are constantly updating our skills and experience.

So, why not give me a ring and see if I can help.

KEEN TO DIP A TOE IN REFLEXOLOGY?

by Ella Walker, Press Association

FOR some, a good foot massage is total bliss, while others cringe at the mere thought of baring their feet, let alone having them touched.

Wherever you sit on the footsie comfort scale, treating your tootsies to some TLC goes much further than a pedi and polish...

The ancient art of reflexology has been practised for hundreds of years, throughout Chinese and Egyptian history, but was first called reflexology in 1913, by the American medical professionals, William H. Fitzgerald and Edwin F. Bowers.

But what is it and how does it work?

WHAT IS IT?

"Reflexology is a complementary holistic healing therapy that works your whole body system through your feet and also, on occasion, through your hands," explains trained reflexologist Sharon Walker. "A reflexologist will work along your feet, massaging particular reflex points which have been found to correlate and reflect other areas of the body - so the toes are linked with the head and brain, for instance, and so on."

HOW DOES IT WORK?

The idea is that energy points in the feet are revitalised through massage, which relieves tension elsewhere in the body, helping to minimise and ward off pain, discomfort and illness. "Working and massaging congested or 'crunchy' points found in the feet, can help release tension and pain in the corresponding point in the body, which can help rebalance you," explains Walker.

WHAT CAN IT TREAT?

Reflexology is used to help soothe physical as well as mental ailments. It's a way to find peace and calm mentally, as well as physically. "The fact you lie down for an hour, away from the stresses and strains of every day life, means reflexology is also great for settling yourself and finding a way to just 'be' in the moment, as well as being a great way to reboot your system," says Walker.

DO YOU HAVE TO VISIT A REFLEXOLOGIST?

It is, naturally, ideal to visit a trained reflexologist, however, "a great way to work these pressure and reflex points in the feet, without seeing a reflexologist specifically, is to walk barefoot, particularly on the beach," says Walker. "Doing that, all the points in your feet are worked equally, which explains why we often feel re-energised after a walk on the beach."

WHAT ELSE?

It's also been found through reflexology that the shape and colour of your feet can point to certain personality traits and health factors. For example, dry, cracked feet reveals dehydration, while patchy yellow and red skin on the feet can indicate signs of infection elsewhere in the body. "Traditionally, foot shapes have also been seen as ways to denote character types," explains Walker. "So, if your toes are bent, it has been said that means you may not reach your potential, while, if your second toe is longer than your big toe, emotionally you are prone to experiencing great highs and lows."

• Always consult your doctor if you are worried about any health symptoms.

Relationships: Will there be discontent this winter?

MOST relationships have times of discord or stress but with good communication and a genuine desire to make things better, issues can be resolved, relationships recover and couples move on more happily.

The problem becomes more serious when discontent intensifies - individuals battle each other to have their needs met and verbal and emotional missiles are stockpiled to be released at any moment of annoyance, disapproval or frustration.

Relationships can, and do, regularly, break under the strain of defensive behaviour, which can be either actively or passively aggressive. Hurtful or thoughtless actions can be used as ammunition and bickering can become increasingly unpleasant.

Some of the signs of a relationship in real trouble are when one or other partner becomes withdrawn, unable to express themselves and/or have a change in personality. This would suggest that a couple can't rectify the problems themselves and would benefit from professional, qualified help.

I am a fully qualified counsellor with over 20 years' experience of helping people with their relationships. Bowen Therapy & Energy Healing

WHY ARE YOU NOT HEALING?

I SEE MANY people these days with chronic pain patterns and often with a disillusioned sense of trying everything along the medical route & protocols.

So this begs the question of Why is it that we are not healing?

This is a big question with many answers but from an alternative point of view quite simply put the body we live in today was not designed for how the world has become and there are some significant ways in which we deeply struggle to meet all of its demands on a daily basis.

Just because we see all around us so many common illnesses or conditions like, depression, anxiety, sleeping difficulties, auto immune diseases, hormonal imbalance, weight problems, diabetes, Asthma, Irritable bowel, addictions, chronic muscular tension, back pain does not mean that this is the norm, what it indicates is that we have become seriously out of balance in relationship to ourselves and therefore to the world and others.

We have entered an age now where we must look at how it is that we manage our energies. The anatomy of our energy system is as detailed, complex and profound as our physical anatomy and can no longer be denied but instead considered and embraced as equally important as the physical examination when assessing why it is we are not healing and what it is we need to do.

TIPS FOR HEALTHY BONES

By Abi Jackson, Press Association

AS we age, bones tend to lose density, and conditions like osteoporosis, as well as osteoarthritis (causing stiff and painful joints), become more common.

While it isn't always possible to prevent these things entirely, there is a lot we can do to help our skeletons and supporting soft tissues stay in good shape.

Bones and joints play a huge role in our health and general wellbeing; they're key to keeping active and mobile, and yet can be highly susceptible to injury and pain, so keeping them healthy is vital.

It's well known that diet's important: calcium and vitamin D, for example, are essential for building strong bones, while omega-3-rich foods, like oily fish, are believed to help protect joints.

Supporting our skeletons goes beyond what we eat and drink, however. Here are some simple ways to keep those bones and joints in good nick...

KEEP MUSCLES STRONG

Over the years, wear and tear can weaken joints and ligaments. While there are often things we can do to address specific problems - such as joint replacement surgeries and physiotherapy - one of the best things we can do is prevent problems from arising or worsening by keeping the muscles that support and surround our joints strong.

This takes the pressure off the more vulnerable bones and soft tissues of the joint, helping them stay healthy and pain-free. Swimming is an excellent exercise which works all major muscle groups without putting pressure on joints. Cycling is another good choice.

DO SOME WEIGHT-BEARING EXERCISE

As excellent as swimming is, in an ideal world, it's wise to combine it with some weight-bearing exercise too, such as walking, dancing, or even doing steps up and down the bottom stair at home. Weight-bearing movement actively helps to build up bone strength.

Of course, overdoing it isn't going to help either, so build up slowly and speak to your physiotherapist or doctor for advice if you already have problems.

STRETCH IT OUT

If stiff and painful bones and joints are an issue, often the last thing you feel like doing is attempting to stretch. However, there is evidence that keeping supple, and practising yoga and Pilates-based exercises, can help reduce pain and improve joint health.

Again, always check with a healthcare professional before starting any new exercise regimes if you have a history of health problems, and go gently and listen to your body - but making some simple stretches part of your regular routine could significantly ease problems in the long run.

MAINTAIN A HEALTHY WEIGHT

Being underweight is sometimes linked to a higher risk of fractures and osteoporosis, while being overweight or obese can put extra pressure on joints, contributing to pain and stiffness. So, keeping to a healthy weight range can go a long way towards reducing problems like these.

LOOK GOOD FEEL GREAT

Michelle Hague Clinical Hypnotherapy

MICHELLE Hague says, Hypnosis really does work - and it has an impact on the brain, which can be measured scientifically, according to many, but one of America's leading psychiatrists. David Spiegel, from Stanford University, recently told the prestigious American Association for the Advancement of Science that he had scanned the brains of volunteers who were told they were looking at coloured objects when, in fact, they were black and white. He added that there were 'tremendous medical implications' and he envisaged people being able to manage their own pain and anxiety.

I am delighted to know that the people I have helped, using hypnosis in therapy down the years were not just putting it on to please me, more importantly, that those I have helped overcome fears and phobias, or change the symptoms of IBS or CFS; Insomnia or Stress and Anxiety were genuinely benefitting from the therapy I use, which combines clinical and cognitive behavioural hypnotherapy with mindfulness, using all the tool of my trade, I help people change their lives.

This research along with so much more evidence based data, confirms what professional hypnotists, such as myself, who teach clinical and medical hypnosis with the London College of Clinical Hypnosis and have been successfully using the techniques for medical, creative and motivational

purposes, have known all along - hypnosis has a genuine effect on the functioning of the mind, as well as the body.

Another area in which hypnosis works is pain control. In fact it is where hypnosis as we know it today all started, James Braid was a surgeon, who became famous for his use of hypnosis when performing surgery with some amazing results in the healing and recovery of his patients.

Much of the work I now do in my busy Axminster clinic involves the same basic principles. I ascertain what each individual really wants or needs to change, and using the power of suggestion and hypnosis (which is just an altered state of awareness) with no loss of control or sleep involved. It just remains to suggest to them to accept that they can do whatever it is they want to do realistically and feel even better than they are doing, alongside a little bit of ego boosting, the way this is done is the clever bit, but it isn't complicated, scary or anything odd, in fact, it's much like listening to a relaxing story with your eyes closed, but the intention is to drive change, so the suggestions are embedded in the story.

Do I succeed? It's not all about me. All I can say is that, many of those men and women who come to see me report back to me that they have improved and for some, their symptoms go completely, and they send their friends to consult me -

which is the highest compliment.

The other area in which, in my experience, hypnosis works well is in diminishing stress, irrational fears, anxiety and phobias - as well as issues with stopping smoking or overeating. For many, overeating and weight loss can be an ongoing struggle, if that's the case, maybe it's time to come and see me, there is no magic wand, no quick fix, but together we can make change happen, if it is really what you want to do.

THE EXPERT VIEW

Berkman says accurate diagnosis is key to knowing exactly what type of knee problem a physiotherapist is dealing with.

"Certain meniscal tears can block the normal movement of the knee joint and can cause further damage to the knee joint if not dealt with properly. Some of these cases will require surgery to prevent further damage or future deterioration of the knee joint. But the vast majority of our patients want to avoid surgery if they can get as good an outcome, or better through exercise.

"Knee pain or injury causes the knee muscles to switch off from working fully, these muscles should be supporting and protecting the knee joint. When these muscles stop doing their job properly the knee joint and menisci take even more pressure and stress. Getting the muscles surrounding the knee joint switched back on and firing correctly is key to successful recovery, as is regaining full flexibility in the knee joint and muscles."

3 EXERCISES FOR YOUR KNEES

Berkman recommends doing the following exercises if you have knee problems and says: "These exercises should be comfortable, if not seek guidance from a physiotherapist."

1. Cycling: In the early phase of rehabilitation, cycling is an excellent exercise as it strengthens the quadriceps and hamstring muscles that support the knee joint, without placing too much pressure on the load-bearing surface of the cartilage that's been torn. Cycling is excellent with helping to improve flexibility in the knee joint.

2. Inner range quadriceps: Sitting on the side of the bed with the affected leg straight out along the bed, make the knee as straight as possible, pushing the back of the knee down into the bed - you should be able to raise your heel of your foot off the bed while keeping the back of your knee down on the bed. Hold for 5 seconds, 20 times. Repeat as above, with the addition of turning your foot and knee outwards slightly so as to engage the Vastus Medialis (part of the quadricep muscle of the thigh).

3. Sit to Stand: Sitting on a chair with knees and hips aligned, squeeze a small ball between the knees with about 50% of your maximum power, to engage the muscles on the inside of the knees and thighs. Maintaining the squeeze, come to a standing position in a controlled manner, sharing weight equally between the painful knee and the unaffected knee. Maintaining the squeeze on the ball between the knees, slowly sit back down. Do 2 sets of 10.

HOW TO BE NICE TO YOUR KNEES

By Kate Whiting, Press Association

AS Baz Luhrmann told us in his 1999 song, Sunscreen: "Be kind to your knees, you'll miss them when they're gone."

Some two million people around the world have surgery called knee arthroscopy every year to heal meniscal tears, damage to the crescent-shaped cartilage that cushions the knee joint.

But, according to researchers in Norway, exercise might be just as good at healing these injuries as surgery. They looked at 140 people whose average age was 50, one half of whom had arthroscopic surgery for degenerative meniscal tears and half who had exercise sessions for three months, followed by simple daily exercises at home.

After two years, the research team, led by Nina Jullum Kise, an orthopedic surgeon at Martina Hansens Hospital, found that knee-related quality of life for both groups was the same - and concluded that exercise therapy be given to middle-aged people suffering with meniscal tears.

Steven Berkman, chartered physiotherapist and director of BOOST PHYSIO (www.boost-physio.com), supports the findings and says: "On a daily basis our team work with several patients who have knee problems, who are trying to avoid knee surgery. Over the last 10 years, I have noticed the trend that knee surgeons here in London are more frequently referring patients with degenerative meniscal tears for physiotherapy exercise therapy, rather than surgery, in the first instance."

DDIG

Devon & Dorset Investment Group

THIS month saw the exciting launch of a new monthly networking group in the historic town of Lyme Regis. The Devon and Dorset Investment Group (DDIG) has been set up by local property developers, Isabel Knight and Steve Colley, (www.espritproperty.co.uk) with the aim of creating an environment for meeting, educating, connecting and collaborating with other local people interested in or already involved in property investment and property development.

Isabel (family in Beer and now resident in Seaton) and Steve (home town Plymouth) have recently moved back to Devon after 15 years living in France, building and renovating apartments and chalets in the Alps around Chamonix. The idea for DDIG came about from their desire to meet and collaborate with other local people investing in property in the area, and the recognition that there are few other property networking groups in East Devon and West Dorset.

The monthly DDIG meetings will provide a great networking environment and also the chance for attendees to learn about property investment and property development, exchange ideas and meet and connect with local experts able to help them fulfil their property aspirations. Local Lyme Regis Architectural Consultant Jim Larcombe will co host the meetings, and Lyme Regis Football Club have kindly donated their venue for the meetings.

DDIG meetings will be open to everyone, no matter how much experience or property they have, as long as participants are serious about becoming even more successful and willing to be inspired to take action.

The meetings will take place every third Tuesday of the month and each month there will be specific topics relevant to property investors, including up-

dates on the local property market and guest speakers who will share their expertise in the market. Rest assured there will be no one selling property at the meetings but there will be a chance to meet others and share opportunities in the local area.

The property seminar will begin at 7pm, however drinks and networking will begin from 6pm. If networking is new to you then don't worry, DDIG will make it easy and fun so that you can enjoy the positive effect of being with like-minded people and also benefit from the practical aspect of tapping into advice, expertise and contacts that you wouldn't otherwise be able to get hold of. Who knows you may find that you meet and make new friends!

So, why not come along to the next DDIG meeting at the Football Club in Lyme Regis on 15th November from 6-9pm: add to your existing property investing knowledge and skills, save yourself, time, money and effort by learning from the experts and build up your personal contacts in the property world. We will have Jim and Steve talking about property development, the inspiring Christeun Gartman sharing his story of getting into property with no money in, we will have another update from Peter Opie on finance options (a key subject for every investor) and Isabel will do another piece of work on building your plan for success.

The meeting is free to attend and there will be tea and coffee available and a bar for those who want something stronger.

Contact Heather Larcombe for more information about DDIG: email: heather@jimlarcombe.co.uk tel: 07824 861909.

Greenshutters Nurseries & Garden Centre

GREENSHUTTERS Nurseries & Garden Centre is a family run business nestled in the heart of the Somerset countryside. It is open 7 days a week and stocks an extensive range of plants. The Garden Centre has completely changed in the last few years with the layout being completely re-designed. There are new entrances from the road and into the Plant Area and the old-fashioned wooden greenhouse has been restored to its former glory with its bright, white painted wood. Most of the plants are now on tables so you don't have to bend down to look at them and the layout has been designed to make the walk around the plant area enjoyable.

This year Greenshutters Garden Centre is stocking a much larger range of herbaceous perennials and roses, including new and unusual varieties. There is also a new range of quality garden benches dotted among the plants, so you are welcome to wander around the garden centre and take a rest as you go. You can even sit and enjoy the view over Taunton Vale and the Quantocks.

The business also incorporates EVERGREENHEDGING.co.uk, one of the largest stockists of evergreen hedging plants in the country. Thousands of plants are grown every year on the nursery

from small to large, mature hedging plants; the best sellers being Laurel, Leylandii, Photinia 'Red Robin' and Portugal Laurel. These are delivered locally or nationwide or can be collected from Greenshutters Nurseries and Garden Centre.

Greenshutters is run by Dr Roger Eavis, who bought the nursery in 1998 and the business has grown steadily every year since then. "We pride ourselves on good customer service and advice, good quality plants and I hope we have created a pleasant place to wander and enjoy the plants," says Roger, "We have a great team of staff who are always willing to help and give advice". Greenshutters Nurseries and Garden Centre is well worth a visit.

For more information visit their website at GREENSHUTTERS.co.uk or follow them on Facebook at [Facebook.com/GreenshuttersGC](https://www.facebook.com/GreenshuttersGC).

GO BATTY IN THE GARDEN

by Hannah Stephenson, Press Association

THEY may conjure up images of ghostly goings-on around Halloween time, but bats should be welcomed into our gardens.

So says RHS senior horticultural adviser Helen Bostock anyway, who is urging people to make their gardens a haven for these bird-like mammals, as Wild About Gardens Week approaches. This year, the week is focusing on supporting bats.

"Most of us are starting to grasp the idea that there are food chains, that gardens do have their own ecology, and if we start losing those higher up the food chain, including bats, that's not good news for the health of the garden.

"Moths are a big part of their diet, but they will also go for things that fly in dusk, like biting insects such as mosquitoes and midges. They will even go for beetles and insects on the wing. But they can pick off the odd insect if it's resting on a leaf.

"Pest species of moth that will also likely end up as bat prey include tortrix moths, nibbler of many ornamental plants, especially conservatory favourites such as citrus; codling moth, familiar to any gardener who has bitten into a maggoty apple, and leek moth, the bane of leek growers."

According to the Bat Conservation Trust, the presence of bats, whose numbers have declined over the last 50 years, is an indication of a healthy, insect-rich environment.

So, how can gardeners help boost bat numbers? The RHS advises:

- Plant insect-friendly flowers such as Michaelmas daisies - these will attract insects such as moths and make a 'bat feast'.
- Stop mowing a patch of lawn to let the grass grow long, creating a habitat for insect larvae.
- Retain mature trees in a garden; those with hollows can make excellent bat roosts.
- Start a compost heap; lots of bat prey will live in it.
- Put up a bat box or build your own.
- If space allows, build a small pond or water feature - midges and aquatic larvae are the favourites of the pipistrelle bat.
- Reduce light pollution which disorients bats - fit hoods to security lighting and only use low intensity garden lights.
- Avoid pesticides in the garden, especially insecticides that will reduce the prey of bats.
- In summer, keep cats indoors an hour before sunset when bats emerge from their roosts.

Eden Garden Fencing and Landscaping

AT EDEN Garden Fencing and Landscaping based in Seaton, Devon we have been building and installing quality Fencing, Gates and Decking, along with Landscaping, for some 15 years. This makes finding a Fencing Contractor simple by providing for all clients' requirements, large and small locally. The timber products side of Landscapers, Eden Garden Developments, offers a friendly, professional, integrated service and the Seaton, Devon base covers a 30 mile radius.

A timely example, given the present gusty conditions, is Garden Fencing, where this can be replaced or repaired, depending upon condition and the budget available. This can be either Close Board, Panel (with or without Trellis), Post and Rail or Picket Fencing. Eden Garden Fencing and Landscaping also supply and fit Gates (see insets). Whilst we take pride in installing robust and durable fencing products, "cost leadership" is still at the forefront of the business, whilst keeping quality and the principles of design foremost. Much of the work can be done during Autumn and Winter when the ground is less compacted and this time is also perfect for renovating the garden generally. So by Spring many garden improvements can be ready to be enjoyed.

There is now a dedicated Timber Products website, www.edengardenfencing.co.uk, giving examples of the range and quality of workmanship. Additionally, information can be obtained by calling 01297 23596 (mobile 07977 415446) or visiting the general web pages at www.a1-environmental.com

Broadwindsor Craft Centre

Celebrate Christmas at Broadwindsor Craft Centre

THE Broadwindsor Craft and Design Centre has been situated in the heart of the West Dorset's beautiful rolling countryside for the past 29 years. Redundant farm building on the edge of the village were the starting point but today the Craft Centre is renowned for its excellence and quality.

The Centre boasts a large restaurant that prides itself on serving delicious home cooked food every day, using quality local produce. The Centre is open from 10am-5pm every day and the restaurant serves breakfast from 10-11:30am, lunch from 12-2pm and cakes and cream teas until 5pm.

Every day of the week you will find a selection of delicious hot dishes to choose from in the restaurant all served with salad or vegetables and potatoes. There are plenty of cold and light options available as well including ploughman's lunches, sandwiches and toasts.

Our restaurant will be serving Christmas lunches on Tuesday's and Thursday's, from November 15th until December 20th (Counter service). If you reserve a table for eight or more people, we will supply crackers and table gifts.

However, it's not all about the restaurant at the Craft Centre. The Christmas room is now open with lots of Christmas decorations, wrapping paper, advent calendars, toys, gifts, cards, food and drink and much more.

The main shop itself is like an Aladdin's cave, with shelves over owing with extra stock for Christmas. It's full of great gift ideas for any age group. Gift vouchers are also available for the main shop and the restaurant. A high tea or a cream tea

voucher makes a lovely gift for somebody special, or a shop gift voucher for that person who you just can't think what to buy.

As well as the main gift shop and restaurant, the Craft Centre is home to the Attic Gallery, featuring bespoke artwork created by talented local artists. You can also discover five other individual craft studios nestled in the two court yards. They include, Earth Design, Mingled Yarn, Malcolm Giladjan's art studio, Caboodle and Sophie Rose Soft Furnishings.

With a large free car park and disabled access to most of the Centre, come and visit Broadwindsor Craft Centre, enjoy a fabulous breakfast, lunch or tea and see the vast array of gifts available in the shops.

Take a look at our website www.broadwindsorcraftcentre.co.uk and follow us on Facebook.

Felt Christmas Tree Ornament Tutorial

www.buddlycrafts.com

Handmade by Josie Day

WHILST I love zooming up and down on my sewing machine, there's something about the shorter winter nights which makes me want to curl up in front of the fire with a hand sewing project and here's the ideal make - Funky little felt ornaments. They're perfect for hanging on your tree or adorning that special present. I've also included a free-standing version, offering up even more decorating possibilities for your dinner table or festive mantel!

Step 1. Trace around the wooden Christmas tree shape onto your green and brown felt and cut out the required number of pieces. You will need two green tree fronts and one brown trunk for each ornament. I used a light green felt which, combined with bright buttons, gives a really modern feel to the project. Should you prefer a more traditional theme, simply use a darker felt and scarlet buttons.

Step 2. Place the mini buttons into a pleasing arrangement and then stitch securely using matching thread.

Step 3. Using green thread stitch around the tree shape, inserting a burlap loop at the top and the brown trunk piece at the bottom.

Step 4. If you are making the free standing version, colour a craft stick with brown felt-tip pen and insert along with your stuffing.

Step 5. Insert the craft stick into a large wooden bead or wooden sewing bobbin.

Step 6. That's it! Now simply give your new handmade ornament pride of place amongst your other decorations!

Marvellous Mince Pies

Ingredients

350g/12oz high quality mincemeat, preferably home-made
200g/7oz plain flour, sifted
40g/1½oz golden caster sugar
75g/2¾oz ground almonds
125g/4½oz unsalted butter, diced
1 large free-range egg, beaten
milk, to glaze

Preparation method

1. Lightly butter a 12-hole pie or patty tin. Tip the mincemeat into a bowl and stir so that the liquid is evenly distributed.
2. Place the flour, sugar, almonds and butter in a food processor and process briefly until resembling breadcrumbs, then slowly add the egg through the feeder tube. (Or rub the butter into the dry ingredients by hand and stir in the egg.)
3. Bring the mixture together with your hands, wrap in clingfilm and chill for an hour or so. Thinly roll out the pastry on a floured surface. Cut out 12 circles with a fluted pastry cutter, large enough to fill the base of the prepared tin. Press gently into each hole, then fill with the mincemeat.
4. Cut out another 12 slightly smaller discs and use to cover the mincemeat. Press the edges together to seal. Make a small slit in the top of each, then brush lightly with milk. Chill for about 30 minutes. Meanwhile, pre heat the oven to 200C/400F/Gas 6.
5. Bake the pies for 20 minutes until golden brown. Remove to a wire rack and serve warm.

RAY Pisani opened his stylish and contemporary restaurant, nestled just off the square in Axminster, almost three years ago. The business, which is named after the acclaimed chef and his business partner and long-time friend Franco Pisani, as they coincidentally share the same surname, has continued to gain a reputation for exquisite food served within the calm and comfortable town centre oasis.

Originally from Malta, Ray followed in his father's footsteps and started cooking at the tender age of six. The family owned a busy restaurant on the island and Ray began to learn his craft along with how to best manage a popular business.

"At that time a bread roll, a bottle of coke and a plate of chips worked out to about seven and half pence in today's money," Ray said.

A keen fisherman, the culinarian honed his skills as a teenager, cooking his catch and learning how to best use the traditional Maltese ingredients and

methods.

Ray made the move to the UK in 1984 and started work as a sous chef in Cardiff. After very quickly working his way up to a head chef position, the friendly foodie soon decided it was time to strike out on his own and opened his first restaurant with just £25 to his name. With steely determination and an energy and enthusiasm for his cuisine, he quickly became a huge success, gaining numerous accolades and cooking for a whole host of celebrities, including Tiger Woods, Les Dawson and the cast of Are you being Served?.

After moving to the Devon town in 2013, Ray has fast become something of a local celebrity and loves being close to the sea and the countryside while immersing himself in all aspects of the local community.

The restaurant is open throughout the day and has many regular customers. It also opens at 5pm in the evening, so is an ideal pit stop for a pre-shows meal, with the Guildhall just a stones throw away.

The Mediterranean cuisine is prepared to order with locally sourced ingredients where possible and with a vast array of daily specials, offers something for everyone.

Ray said: "It's genuine food, real food and everything is fresh and cooked to order. Everything originates from the Mediterranean style of cuisine, with the seafood dishes perfected from years of catching fish and experimenting with fresh ingredients."

Be in with a chance of eating for free at Le Pisani!

Once a month on a day of Ray's choice, the entire restaurant will receive their meals FREE*. All you need

to do is book a table by 5pm that evening.

Ray said: "I wanted to give something back to the community and thought this was something people would really enjoy."

Make your own Super Santa Cupcake

Preparation time 30 mins Cooking time 25 mins • Makes 12 cupcakes

Ingredients

For the Cupcake

200g Unrefined golden caster sugar
200g Butter (unsalted) softened • 3 eggs
200g Self-raising flour • 1 tsp Vanilla extract

For the Father Christmas Topper

250g each of Sugar paste icing in red, chocolate, white & black • 60ml Water • Apricot Jam

Preparation method

1. Preheat the oven to 180°C (160°C fan, gas mark 4) and line a 12 hole cupcake tin with cases.

2. Cream together the butter and sugar until pale and fluffy, then add the eggs one by one mixing in well in between then add the vanilla extract. Fold in the flour then spoon into the cases.

3. Place in the oven for 20-25 minutes or until golden and a skewer come out clean.

4. To make the father christmas cake topper, use the red sugar paste icing and roll out a ball about 5cm in diameter then flatten the base. Next roll out a sausage about 10cm long and 1.5cm diameter for his arms and finally make a cone shape for his hat and squash the pointed end over to one side.

5. Take some of the white icing and a little of the red and roll them together until the red blends in to give you a pink colour for his head.

6. Next take some black icing and roll 2 small balls for eyes, 2 larger balls for his gloved hands and then roll out a little for a belt.

7. To assemble, use a little water to glue the black belt onto the red body. Next finish the

arms by attaching the black hands to the ends of the red 'sausage' shape. Then roll out some of the white icing until is around the end of the arms for his cuffs, using some water to glue. Then cut the arms leaving a diagonal edge. Attach these using a little water, squashing the arms around the body.

8. Next make a small ball using the white icing for a pom pom and attach to the top of the hat.

9. To finish, cut a disc of white icing and cut out a small edged piece for his beard, and 2 smaller pieces for his moustache. Make a small ball using red icing for nose. The attach 2 small balls of white icing and small black icing balls for his eyes.

10. To decorate your cupcake, roll out some chocolate icing and cut into disc, place this on the cake using some warm apricot jam to stick. Then place the jolly father Christmas on top.

VIEW FROM the beehive

this November

IS IT really November next week? We still have some fabulous events this week including the fabulous five piece Brit folk band Mawkin on Sunday, October 30th, which fuses folk, blues and rock with fab vocals and blisteringly brilliant musicianship. They will be supported by Melissa Bel; an extremely talented new singer songwriter on the Devon scene and definitely one to watch.

November begins with a wondrous mix of cinema: 'Bridget Jones's Baby' (15) on November 4th; and 'Anthropoid' (15) on November 5th, a taut WWII resistance drama based on the true story of the operation to assassinate General Heydrich in Prague, starring Cillian Murphy, Jamie Dornan and Toby Jones. Then on Friday, November 11th we have 'Café Society' (12A), Woody Allen's stylish, darkly comic look at 1930s Hollywood with Kirsten Stewart and Jesse Eisenberg. We also have 'The Girl On the Train' starring Emily Blunt on Friday, November 25th.

The live screening of the Royal Ballet's 'Anastasia' is on Wednesday, November 2nd, Kenneth Macmillan's ballet about an identity in crisis; a country in revolution and one of the great historical mysteries of the 20th century, only recently solved. At the height of the Russian Revolution the royal family were executed, but afterwards a young woman appeared – apparently a surviving royal princess, the Grand Duchess Anastasia. Many wanted to forget the massacre and the Revolution; many believed, or hoped, that a princess could have survived, a remnant of the old world.

There are some wonderful stalls and activities booked for our Beehive annual Craft Fair on sat 5th Nov from 10am until 3pm and this year entrance is free! So do pop along and have a look at all of the lovely things on

offer, refreshments will be served in our café bar so you can relax after doing your Xmas shopping!

'Private Peaceful' is the play we have all been waiting for from the Honiton Theatre Company, rehearsals are going extremely well and this promises to be a very special show. Michael Morpurgo, former Children's laureate and award winning novelist who wrote *War Horse*, also penned this very poignant novel, even if you or your children haven't read this I would urge you to come and see it, Honiton Town Band are also making an appearance! 7.30pm 17th -19th Nov.

To top all of this we also have the Folk café absolutely free to all to come along on Wednesday, November 9th, and two very special gigs; Jo Harman on Sat 12th Nov 8pm

An intimate evening with Jo Harman takes place on Saturday, November 12th at 8pm. Recently voted 'Female Vocalist of the Year' at the British Blues Awards, Jo is an original British singer-songwriter/bandleader whose work is broadly influenced by blues, gospel, soul, country and rock. This very special, intimate, show will feature soulful, compelling performances featuring not only "bare-to-the-bone" versions of Jo's own songs but also her own take on songs that mean something special to her.

On Saturday, November 26th Peter Knight's Gigspanner will play the Beehive. Whilst traditional music forms the bedrock of the trio's repertoire, the stretching of the music to embrace other influences is what makes it appealing not only to lovers of folk music, but to anyone who has an appreciation of beautiful and inspiring music.

We look forward to seeing you soon, Wendy

Pied Piper panto read through tonight

Time to harvest, time to sow at Blackbury Honey Farm

THE ANNUAL flower meadow is sinking into a graceful decline, although the poppies, pot marigolds and field marigolds are still putting on a brave show.

Bordering the path up to the front door, this meadow planting is hugely admired and appreciated by our visitors. It contains the best garden annuals and a few spectacular wild specimens of use to our honey bees and other pollinators.

We know our visitors are keen to do their bit to encourage these valuable pollinators and many are sowing a little wild patch in their own gardens. Over the next couple of weeks, before we clear our meadow patch ready to start again, we invite anyone interested to come and gather seed, a little present from us.

the honey bees, as reported last week are cosying down for the winter but we still see bumbles searching out the last of the nectar from the garden's late blooms. I have been reluctant to cut back the lavender as they are still foraging for the odd, late, flower spike but it's a job I have to do soon as our huge angustifolia bushes seem to survive better with an autumn trim.

Although the bees are largely absent now, we have a very interesting video playing in the entrance hall, showing the beekeeping year and the process of obtaining the delicious honey we sell in our shop.

We have home - made soups, quiches, scones, cakes and all manner of autumn comforts here so what are you waiting for? Come and be part of this special place.

Give your advertising an unfair advantage. Run some press ads.

The effectiveness consultancy Benchmarking have analysed what happens when companies include press advertising in their media mix.

They looked at 500 econometric models, across a five-year period and discovered that adding newspapers dramatically increases the return on investment of other media.

Over half were service companies who saw the effectiveness of their TV advertising double, ROI of their overall campaigns treble and their online digital display enjoy a four-fold increase.

Individual categories also saw impressive results.

Automotive campaigns clocked a 70% increase. In travel, effectiveness trebled. In retail it leapt by 2.8 times. And most remarkable of all, in the financial category, Benchmarking uncovered an increase of 5.7 times.

So, whatever business you are in, you should be in the newspapers.

TOP DRAWER

LIVING space comes at a premium, and if you've been hoarding all summer then autumn's the perfect time to declutter and make space for the things that will not only complement your lifestyle, but create a sense of order.

Storage solutions come in all shapes and sizes, and once you get over the horror (and chore) of having a good clear-out (do you really need those broken appliances, old magazines, clothes that no longer fit?), creating clever storage ideas can be an imaginative process that will reward you with a stylish and functional home.

SHOW TIME

"Don't just think of storage as tidying away, it's also an opportunity for you to display the things you love," says Myriam Ruffo, business leader for Ikea UK & Ireland. "The Kallax range is a perfect example of this, and can serve as somewhere to store and display your things."

Along with wall units and cabinets, the range includes a work station which not only helps squeeze in extra storage but can serve as a room divider and looks good from every angle. Available in white with a funky green trim, which can be colour co-ordinated with magazine files, house plants and decos, it also comes in piano black and a birch effect, to channel some Nordic charm.

"We're continuing to see a growing trend for Scandi-inspired interiors," says Simon Glanville, managing director at Store - A Place For Everything.

"The Scandinavian home is known for its simplicity of design, beautiful utility and pared back colours, so to get the style, look for pieces in white and birch wood that can elegantly store away your everyday items. This can be easily achieved in the kitchen or hallway, two areas which tend to become cluttered quite easily."

:: Kallax Desk Combination, £189, Ikea (www.ikea.com)

:: Northgate Flip-Top Storage Bench, £199, Store - A Place For Everything (www.aplaceforeverything.co.uk)

:: Skandi Kitchen Storage Basket, £22, Store - A Place For Everything (www.aplaceforeverything.co.uk)

:: Kreisdesign Peg It All: Pegboard In Natural Birch Plywood, £175-£195, The Maker Place (www.themakerplace.co.uk)

FIT FOR PURPOSE

"Storage needs to be practical, but there's no reason why it can't also be a beautiful addition to your room," says Molly Park, a designer at Oliver Bonas. "Transform your clutter into a decorative feature with roomy storage baskets - we have some woven from sea grass with a geometric print - to combine style with function."

Another problem-solver is to make something out of nothing, such as the space under the stairs. Trolleys on wheels can easily slide into nooks, and graduated shelving units can become an extension of the stairs. You can even create a bookcase - and still have room for a storage basket.

Banisters can be a lovely decorative feature, but if you're guilty of using them to drape your jackets over, a stylish coat peg with a shelf above will provide a tidy home for gloves, hats, shopping bags, dog leads and outdoor attire.

NEW ORDER

With the change in seasons, it's definitely time to pack away your summer wardrobe. If there's space under the bed, now's the time to utilise it.

"By using under-bed storage bags or boxes, you can easily store out-of-season clothing and blankets, or other seldom-used items," says decluttering expert Suzanne Baker, The Holding Company. "Most wardrobe spaces are poorly planned, so don't be limited by the standard hanging bar and shelf; install additional rods or purchase stackable shelves."

"In the living room, look for a solution that features shelving or drawers above or below, to really maximise vertical space. Shelving solutions are available in attractive finishes, and to create clever storage solutions, think vertically."

"Another way to increase storage capacity is to purchase end tables or ottomans that double as storage areas."

Wondering what to style next to your ottoman, or need a seat that can double up and offer greater storage capacity? Investing in a storage sofa bed might be an idea.

"Clever storage solutions are worth their weight in gold," says Vanessa Hurley-Perera, chief product officer at Sofa.com.

"Our Fleetwood sofa bed is a three-in-one multifunctional piece of furniture, working as a comfortable perch by day and spacious guest bed by night, with the added bonus of having clever storage space that's ideal for extra bed linen, towels or your summer wardrobe."

And if you find yourself struggling to find homes for all the smaller bits and pieces, Ikea has a wide range of storage accessories, available in a choice of styles.

"It's easy for spaces to become cluttered and messy if you don't have an organised structure in place - we all know the feeling where we avoid putting something away because we just don't know where to put it," says Jill Reedman, interior design manager for Ikea UK & Ireland. "Boxes, files and in-drawer dividers can help to create organisation in any room."

Saints thrashed on own turf – Blunn bashes four as Missy reach semis

Chard Town 3 Almondsbury UWE 3

Toolstation League Division One – att; 63

CHARD Town's six-game run of home matches came to an end with a disappointing draw against basement dwellers Almondsbury.

The visitors opened the scoring in the 11th minute through Joe Black who was left unmarked in the Chard penalty area.

But The Robins were level ten minutes later when James Boyland fired home his seventh goal of the campaign.

The lead last until the half hour when Ben Farrell made it 2-2, but the hosts edged back in front five minutes before the interval when Max Westlake squeezed a shot just inside the post.

The visitors came out for the second-half on the front foot and duly rounded off the scoring in the 49th minute courtesy of an Ashley Knight strike.

The points sees Chard drop to 10th ahead of Saturday's trip to lowly CORSHAM TOWN.

Chard Town: Jon Hill, Pat Golden (Matt Howell 77), Cian Cabell, Kieran Bailey, Shaun Wells-Burr, Luke Jackson, Scott Jakeman (David Duarte 62), Max Westlake, Taufik Bensalem, Steve Friend (Scott Martin 88), James Boyland. Unused subs; Jack Dicker, Ryan Mason.

SW Peninsula League D1 (E)

TWO goals in the second half saw Axminster Town extend their unbeaten run to seven matches and move back up to second spot in the table.

A feisty first 45 ended goal less and it stayed that way until the 65th minute when Oscar Latas broke the deadlock with the visitors appealing unsuccessfully for a foul on their keeper.

Appledore were then reduced to 10 men after a rash challenge and the Tigers capitalised when Jon Hurford's through ball set Luke Finn free and the striker sealed the win.

Axminster bring the curtain down on the first half of their season when they visit midtablers TEIGNMOUTH on Saturday.

Axminster: Scott Wells-Burr, Craig Every, Mark Smale, Mark Scott, Elliot Dyer, Chris Duchenski, Liam Cleal, Ben Vine, Danny Clay, Nathan Warren, Oscar Latas. Subs; Jamie Barfoot, Jon Hurford, Luke Finn.

COMBE ST NICHOLAS 0 PORTISHEAD TOWN RES 9

COMBE St Nicholas drew a blank for the fifth game in a row as they were thrashed by title contenders Portishead.

Things started well for the hosts who looked good for 25 minutes and they deserved to be in front.

"We had a perfectly good goal disallowed," said manager Phil Loaring who was then forced to shuffle his line-up after an injury.

The visitors struck twice before half-time before going to bag seven in the second period as Saints heads dropped: "We just gave up, it's the worst result I've had as a player or manager. I certainly want to forget this one," said Loaring.

Combe have now lost seven on the spin ahead of Saturday's trip to face fellow strugglers Glastonbury.

After a weekend off ILMINSTER TOWN return to action with a League cup group match at Division One (West) outfit Broad Plain House.

HAVING lost the reverse fixture 3-0 just seven days ago Perry Street turned things around to end the students' seven-game unbeaten start.

Street were on top the first half but failed to take any of the four or five decent chances they created. The points were decided when a home defender headed a free-kick into his own net for the goal that lifted Andy Bond's side back up to fourth.

CORONATION CUP Quarter Finals

THE pick of Saturday's Coronation cup quarter-final ties was surely at Shelway Lane where BARRINGTON booked their place in the semi-finals after beating SOUTH PETHERTON on penalties after the two teams were locked at 5-5 after two hours of pulsating cup-tie action.

"It was a great effort from all 14 of my players," said Barrington boss Sid Brown who saw his side pegged back from 3-1, and then grab a equaliser late on in extra time having been reduced to 10 men after Tom Butler was shown a second yellow card by referee Tom Richardson.

Goals from Carl Lazenby, Sam Spurway and Pat Coll had the hosts in control at half time with Ryan Thurgood on target for the Magpies.

Spurway squandered a good chance to extend the lead in the second half and Pethy battled back to 3-3 with goals from Thurgood and Hayden Smith.

The visitors thought they had taken the lead through Ashley Smith but his effort was ruled out to the dismay of Petherton manager Karl Diment: "It was a perfectly good goal, but the referee ruled it out after a long conversation with the home linesman."

The hosts then lost Butler in extra time but still went 4-3 ahead through Gethyn Jenkins following a defensive error.

Back came Petherton and Thurgood completed his hat-trick and they then went ahead when Ashley Smith made it 5-4 in the 118th minute. Barrington felt an injury to one of their players in the build-up meant Pethy should have returned them the ball.

But there was still time for Guy Dare to complete the scoring and force the penalty shoot-out. From here it was the hosts' experienced stopper Stu Parris who took centre stage with two superb saves as his side won 3-1 with successful penalties from Spurway, George Hayward and Coll.

The three remaining ties all brought away wins. Rich Hebditch (3), Shane Evans (2), Murray Legg (2), Russell Legg, Roger Cummings and Ryan Gay scored the goals as BEAMINSTER thrashed struggling NETHERBURY 10-0.

Meanwhile, four-goal Jack Blunn was the star in MISTERTON'S 7-1 hammering of WEST & MIDDLE CHINNOCK. Scott Jennings (2) and Jason Rendall also netted for Missy. Alex Eckland grabbed a lifeline for the Chins at 2-0, but some indifferent defending saw this snatched away.

"I don't think either side can say the scoreline reflected our performance," said said Chinn's joint boss Dan Harvey. "We made defensive errors and failed to take a hatful of chances and were punished by a quality side. I'm confident if we can get

everything to click then a big win is just around the corner."

It was tighter at Jocelyn Park where WINSHAM UNITED defeated hosts CHARD UNITED 3-1. Winsham led through a Darren Spurdle penalty, after Toby Thorne had been fouled, and header from Lee Smolten, and clinched their win with a second penalty, this time successfully converted by Thorne and he had been fouled once again. Alex Ives netted for Chard.

SF draw: Winsham Utd v Beaminster, Barrington v Misterton.

DIVISION ONE CUP Quarter finals

SATURDAY'S three Division One cup quarter-finals yielded an astonishing 28 goals!

SHEPTON BEAUCHAMP RESERVES failed to register but visitors HAWKCHURCH UNITED clearly found the open spaces of Brimgrove Lane to their liking as they plundered nine with James Melville (3), Andy Dymond (2), Brad Cross, Dan Richards, Brad Pearse and Tom Chubb all finding the net.

Over at Slades Cross, Robbie Walker (3), Andy Stevenson (2), Craig Studley and Chris Warry scored for FORTON RANGERS in their 7-1 thrashing of COMBE A.

Elsewhere, free-scoring MERRIOTT ROVERS were at it again with strikes from Jack Steer (3), Andy Mortimer, Nick Mortimer, Luke Gosney, Sam Rowswell and an og proving far too much for ILMINSTER TOWN COLTS in a 8-3 win. Kaymon Linsey (2) and Charlie Male (pen) scored for the Blues.

SF draw: Forton Rangers v Waytown Hounds or Uplymere, Hawchurch Utd v Merriott Rovers.

DRIMPTON'S search for their first point of the season continued as Shepton moved up a place to fifth in the table.

Chances came and went at both ends before George Pugson opened the scoring after good work from Richard Crabbe.

Brad Pitman latched onto a long through ball to make it 2-0 and repeated the feat soon after having collected a long pass from Aaron Stayner.

Ben Pitman completed the scoring when he slid home the fourth although younger sibling Brad should have completed his hat-trick late on but blazed over the bar from close in.

"It was a lack lustre performance, we got the three points, but need to improve next week," said Shepton player-manager Doug Whitfield.

Sutton' sailors are Top Club

IT was a very successful weekend for Sutton Bingham sailors who travelled up to Chew Valley Lake Sailing Club.

On Saturday Andrew Frost and Chris Jones competed in the RS Aero Open Meeting along with 35 other RS Aero sailors. The light winds meant that many regular seven rig sailors sized up to the nine making this the largest or the three fleets.

Frost won the five rig fleet convincingly with three straight wins and by a considerable distance in the final race. Jones had more of a battle on his hands in the 7s fleet posting a 2nd, 3rd and 1st to take second overall.

Sunday was Chew Valley Sailing

Club's Visitors Day, incorporating the Top Club Trophy.

Five sailors from Sutton Bingham Sailing Club took part and won the event, beating Portishead, Datchet Water, Thornbury and Bradford on Avon.

The morning was a handicap race with fast and slow fleets. Chris Jones in his RS Aero 7 was 2nd in the fast fleet with Ian Jay 4th in his Finn.

Andrew Frost sailing his RS Aero 5, finished 2nd in the slow handicap and Kelsey Green sailing a Laser 4.7 was 4th.

The afternoon race was a full pursuit race, where the slower boats start first

and are pursued at intervals by the faster boats according to their handicap rating.

Sailing for around two hours in pretty breezy conditions to complete the race was quite a test of endurance. Jones was 6th, Frost 8th, Richard Cumberbatch in his Phantom 9th and Green 14th.

A total of 39 boats took part in the event and overall positions for the Sutton Bingham team, combining the scores for the two races were: 2nd Andrew Frost, RS Aero 5, 4th Chris Jones, RS Aero 7, 10th Kelsey Green, Laser 4.7, 11th Richard Cumberbatch, Phantom, 19th Ian Jay, Finn.

◆ WELL DONE: Helen Martin, Chew Valley Lake Sailing Club Vice Commodore, 2nd left, presents the Top Club Trophy to Sutton Bingham sailors Andrew Frost, Chris Jones and Kelsey Green

Linda leads home Honiton Grannies

HONITON with John Pawley
SUNDAY brought the last organised match for the Mixed, for the present year. Visiting Exeter they won 4-2 to complete the year with a tally of eight wins and just one defeat.

Monday saw the final match in the Seniors friendlies when Honiton defeated visitors Long Sutton 5-1. Of the 33 matches played Honiton won 17 and lost 13, with 3 draws.

There was a good turnout of 32 for this week's Tuesday Mixed competition.

The format was an American Foursomes which sees both players driving, then each playing their partner's ball for the second shot before choosing the preferred ball, and playing alternate shots thereafter.

Heather Clarke & Stewart Slater won with a score of 33 points. Next, on count-back, were Olwen Eaton & Ken Wood followed by Catherine Doherty & Peter Clarke with 31 while Joan Smith & Paul Ritchie were fourth with 30.

The Ladies competed for one of

two Cups; the Grannies Cup for those eligible and the Bournemouth Cup for the others. Autumnal conditions meant that scoring wasn't high for these Stableford competitions.

The Grannies Cup winner was Linda Blundell with 31pts with Janet Hughes next with 29. The Bournemouth Cup was won by Anne Davies with 32 while Hilda Hoepleman second with 31. Taking just the Stableford scores the Silver Division winner was Ann Trayling (28) with Sue Ritchie (27).

Bronze 1 winner was Anne Davies with Hilda Hoepleman second. Bronze 2 winner was Jan Portlock (29) with Cherry Liell (25) while the nine-hole Stableford winner was Vera Richardson (16) with Carole Booth next.

Last Friday Seniors Captain Alan Pollock took a team to play in the Quantock Stag Trophy at Enmore Park GC.

Overall 14 clubs from the area were invited for this the 4BBB event, with one score to count from each of the four two mens teams. Honiton finished third,

their best ever result, with 162 points, beaten by the Mendip Spring GC team and Long Ashton GC.

A further 56 Seniors took part in a Texas Scramble at Honiton on Friday. Mike Sennitt, David Lee & Alan Devenny came first with a net 64.0, closely followed by David Scott, John Pawley & Robert Canterbury on 64.4. Max Pipe, John Frith & Peter Blake with 65.5 were third, and John Fleetwood, Bill Phillips & Howard Pritchard took fourth with 66.1.

There were five twos: Mike Kent and Pat Purtell at the 2nd, David Hughes at the 4th and Tom Tunnicliffe and Bill Phillips at the 12th.

AXE CLIFF with Peter Motson
THE Ladies section played a County Prize Stableford competition and there were some close scores.

Margaret Kenchington finished 1st with 34 points, 2nd was Sandra Walker with 33 and in 3rd place was Stella Thompson with 31.

The Seniors section played their Quarterly cup match was

won by Nigel Garwood with 32 points, in 2nd place was Gilbert Cox with 31 and in 3rd place was Alan Vincent with 30.

Alan Chance led his team into the clubhouse having posted a score of 101 but the favourites, led by John Wallis emerged as victors with an impressive score

Rob Cox was second with three big chub weighing 9lb 4oz from peg 108 on the pole and caster, with all his fish coming in the last hour.

Jamie Rich only needed 4lb 14oz for third place from peg 14, catching dace, chublets, gudgeon and roach on the pole and caster.

AXMINSTER with David Harris
AFTER an excellent start to the period we then lost our next three matches.

We beat CHARDSTOCK 103-28 at home with wins on all rinks; Pam Hunter, Sue Bond, Les Clark & Bob Sherborne (39-5), Morrison Brown, Nigel Bond, Jean Kester-ton & Margaret Crompton (34-11), and Andy Curtis, Margaret Brown, David Harris & Brian Clark (30-12).

In our only other mixed friendly we lost heavily 58-113 at HONITON despite winning two of the

good converted try.

They increased their lead with a penalty and just before the interval added a second try to lead 15-0 at the break.

Chard had their moments with Luke Aplin, Will Hopkinson, Dave Biss and newcomer Ash Bryant prominent.

Drybrook increased their lead 15 minutes into the half when they broke through to score under the posts.

The forwards were unlucky not to

get any reward for their efforts, and, as the team chased the game in the final quarter to try and get on the score sheet, they made some curious decisions which were exploited ruthlessly by the opposition backs.

The only way is up for Chard who will be hoping that some of the players carrying injuries will soon be back to bolster the squad.

Next weekend Chard are away at fellow strugglers Midsomer Norton while Chard 2nd xv are at home to Wiveliscombe 2nd xv (3pm on the

main pitch).

Wellington 10 Chard 24

Somerset Colts League
THIS was an evenly contested match in the first half but Chard's greater fitness showed through in the 2nd period and they pulled away for a comfortable win.

Wellington took an early lead with a try following a charge down but Chard soon equalised and with both teams getting a try each the half-time score stood at 10-10

In the second half two converted tries from Chard sealed a fine victory. Try scorers for Chard were Noah Carnell, Ben Locke and Adam Moore (2). Barnaby Down kicked both conversions. Joe Mainwaring and Ross Colenso made significant contributions but man of the match went to Thomas Chapple Smyth.

Next week the colts are at home to Clevedon Colts 3pm at Crewkerne Road.

South West One

DID Chard deserve to lose this game?..of course they did!
Did they deserve to lose by such a large margin...absolutely not.

Did they give up?Not a chance!

THE reason Chard lost by such a significant margin is quite simply that in the final 15 minutes of the match they conceded four converted tries (28pts) most of which were a result of inexperience which led to naivety in decision making as they chased

the game.

The Chard coaches decided in the club's current plight to play the players that were prepared to train hard and the effort these young lads made was there for all to see.

The first 20 minutes were score less but Drybrook eventually went ahead in bizarre circumstances.

A lineout was awarded to the visitors even though the touch judge had not given it and the referee was some way away. Drybrook made the most of their good fortune and scored a
